

# Exploring technology

With an adult,  
find all the  
technology in your house and  
explore what it is used for

Do any of your toys make a sound or  
move when you push a button?

Are any remote controlled?

Go for a walk and take pictures  
with your camera or phone.  
Explore the photos you have taken  
when you get home.

Talk to a grown up about how  
electricity can be dangerous?

How can we stay safe?
