

Out and about

Treasure hunt

Go hunting for natural treasures.

Take a bag with you to collect natural treasures as you walk e.g. stones, leaves, bark then explore and talk about them when you get home.

Listen!

Play a listening game outdoors.

Encourage your child to be silent (well...for as long as you can!) to listen to the sounds around them.

What can you hear?

What sound is it making?

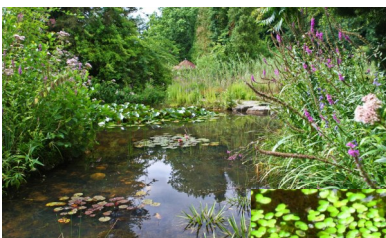

Water

Explore water in the outdoors.

Where can you find water and what can you find in it?

Use a fishing net and explore what you can catch.

Take care and remember to return it!

Explore things that are growing.
go for a walk and talk about the things that are living and growing.

Encourage our child to think about change and how they natural things with change and grow (lifecycles).
